About RPF killings

RPF killings continued after July 1994 in prefectures of Byumba, Kibungo, Kigali town, Kigali rural, Gitarama, Butare, Ruhengeri and Gisenyi. Killings continued in 1995 especially at Kibeho on 22-23 April 1994 where 8,000 people were killed in the presence of UNAMIR II. Amnesty International reported on 20 October 1994 killings by the RPF. Other various agencies including HCR (Gersony Report for example) and various individuals reported the killings by the RPF during the 1994 war and after the war. The individuals include RPF personalities who defected from the RPF government because they were opposed to the killings (Example: Prime Minister Faustin Twagiramungu, Minister of Interior Seth Sendashonga, Minister of Foreign Affairs JMV Ndagijimana, chief of Intelligence Mr. Mukezamfura and others ...). Ruzibiza gave considerable information about RPF killings in his book.
